Highlights

Atomstroyexport (ASE) is an engineering company of State Corporation, Rosatom. The company designs and constructs nuclear power facilities. It is an export-import company that helps foreign customers in constructing and commissioning nuclear power projects (NPP). ASE also carries out the process of reconstruction of the earlier-built nuclear power plants. In addition, the company also provides specialty services, which include survey, training, design, and engineering services, manufacture and supply of equipment and operation of power plants. ASE utilizes light water reactor installations of VVER type of technology for the construction of NPP. It also participates in the international tenders offering its upgraded NPPs with water moderated water-cooled reactors. The company has presence in Bulgaria, Hungary, Turkey, Czech Republic, Slovakia, India, China and Ukraine among others. ASE is headquartered in Moscow, Russia.
