Highlights

Avinger Inc (Avinger) designs, manufactures and sells image-guided, catheter-based systems to treat patients with peripheral artery disease (PAD). It develops products based on its Lumivascular platform, an intravascular image-guided system that provides real-time visualization of the inside of the artery during PAD treatment by using optical coherence tomography (OCT). The company's product portfolio includes Lightbox imaging console, the Ocelot family of catheters and Pantheris, an image-guided atherectomy device. Avinger sells a suite of products in the US and selected international markets. The company's products are used by physicians including interventional cardiologists, vascular surgeons, and interventional radiologists to treat patients with PAD. Avinger is headquartered in Redwood City, California, the US.
