## Highlights

Boston Children's Hospital (Boston Children's) is a pediatric medical center that provides a comprehensive range of health care services for children from birth through 21 years of age. Boston Children's is the primary pediatric teaching affiliate of Harvard Medical School. The organization provides specialty services such as cardiovascular surgery, digestive care, blood diseases, fetal care, and others. Its Advanced Fetal Care Center supports the needs of families and referring physicians at all steps of care for various congenital anomalies, from diagnosis and counseling through treatment and follow-up. It collaborates with other institutes such as Harvard Stem Cell Institute, MIT Health Sciences & Technology, the Broad Institute, the Autism Consortium and Boston University. Boston Children's is headquartered in Boston, Massachusetts, the US.
