Gain insight into the marketplace and a better understanding of internal and external factors which could impact the industry.

Increase business/sales activities by understanding your competitors' businesses better.

Recognize potential partnerships and suppliers.

KEY HIGHLIGHTS

BRS Aerospace (BRS) designs, develops, manufactures and supplies aircraft emergency parachute systems. The company manufactures its parachute products for sport aircraft, experimental aircraft and certified aircraft applications. It provides installation and repacking solutions to its customers. Its emergency parachute systems are used for the entire aircraft and its people in the event of mid-air collisions, engine failures, unstable meteorological conditions, pilot incapacitation and structural failures. It offers woven trims, ID panels, laminated trims and patches products. The company also offers parachute products and airframe parachute recovery systems to all the models of Cirrus design general aviation aircraft. BRS is headquartered in South Saint Paul, Minnesota, the US.
