Highlights

Calpine Corporation (Calpine) is an electric and natural gas utility. The company produces electricity and thermal energy from natural gas, geothermal, and solar sources. It uses natural gas-fired combustion and renewable geothermal conventional steam turbine technologies to generate energy. Calpine sells power and related services to wholesale customers. The company also invests in clean power generation. Calpine offers power, steam, capacity, renewable energy credits and ancillary services. It serves independent electric system operators; power marketers; industrial and agricultural companies; municipalities and other governmental entities; retail power providers; and retail commercial, industrial, governmental and residential customers in California, Texas, Northeast, and Mid-Atlantic regions of North America. Calpine is headquartered in Houston, Texas, the US.
