Highlights

CEPS A.S. (CEPS) is a state-controlled electric utility that develops, operates and maintains the Czech transmission system. It is responsible for balancing the supply of electricity with demand. CEPS transmits electricity from generators to distributors in the domestic market, or exports to/imports from abroad. The company is also responsible for allocating the available transfer capacity on international cross-border power lines through auctions. Its dispatch control services include operational planning, real-time control and operational evaluation. The company is responsible for developing the transmission system to meet the future electricity demand. It also offers the related system services in Czech Republic. CEPS is headquartered in Jesenice, Czech Republic.

CEPS A.S. Key Recent Developments

Mar 23,2021: The Tusimice battery tested well

Dec 02,2020: EIB signs a CZK 5 billion loan with CEPS to modernise and reinforce the electricity transmission network
