Abstracts

SYNOPSIS

Timetric's 'Chemring Energetics UK Ltd: Company Profile and SWOT Analysis' contains in depth information and data about the company and its operations. The profile contains a company overview, key facts, major products and services, SWOT analysis, business description, company history, financial analysis, recent developments, key employees as well as company locations and subsidiaries.

SUMMARY

This report is a crucial resource for industry executives and anyone looking to access key information about 'Chemring Energetics UK Ltd'

The report utilizes a wide range of primary and secondary sources, which are analyzed and presented in a consistent and easily accessible format. Timetric strictly follows a standardized research methodology to ensure high levels of data quality and these characteristics guarantee a unique report.

SCOPE

Examines and identifies key information and issues about 'Chemring Energetics UK Ltd' for business intelligence requirements.

Studies and presents the company's strengths, weaknesses, opportunities (growth potential) and threats (competition). Strategic and operational business information is objectively reported.

The profile also contains information on business operations, company history, major products and services, key employees, and locations and subsidiaries.

REASONS TO BUY

Quickly enhance your understanding of 'Chemring Energetics UK Ltd'

Gain insight into the marketplace and a better understanding of internal and external factors which could impact the industry.

Increase business/sales activities by understanding your competitors' businesses better.

Recognize potential partnerships and suppliers.

KEY HIGHLIGHTS

Chemring Energetics UK Ltd (Chemring UK), a subsidiary of Chemring Group Plc, designs and manufactures products based on combinations of energetic materials to provide controlled high energy outputs from minimum space and weight configuration. Its major products include rocket motors, rocket motor igniters, electro-explosive devices, propellant gas generators, power cartridges, military demolition detonators, and military grade detonating and ignition cords. These products find applications in rocket propulsion systems, release mechanisms for airborne weapon systems, missile guidance systems, weapon break-up systems, military demolition, and industrial safety systems. It supplies equipment to the defense, civil defense and major commercial customers. Chemring UK is headquartered in Stevenston, Ayrshire, the UK.
