Abstracts

SUMMARY

Strategic Defence Intelligence's 'China North Industries Corporation: Aerospace and Defense - Company Profile and SWOT Analysis' contains in depth information and data about the company and its operations. The profile contains a company overview, key facts, major products and services, SWOT analysis, business description, company history, mergers and acquisitions, recent developments, key employees as well as company locations and subsidiaries.

KEY FINDINGS

This report is a crucial resource for industry executives and anyone looking to access key information about 'China North Industries Corporation'

The report utilizes a wide range of primary and secondary sources, which are analyzed and presented in a consistent and easily accessible format. Strategic Defence Intelligence strictly follows a standardized research methodology to ensure high levels of data quality and these characteristics guarantee a unique report.

SYNOPSIS

China North Industries Corporation (NORINCO) is a defense products manufacturing company. The company designs, manufactures and markets defense products such as tanks and armored vehicles, artillery weapons, guided weapons, naval weapons, and air defense systems. It also provides unmanned aerial vehicles, radar and electro-optic equipment, riot control equipment, and coast defense and homeland security products.

The company offers services such as logistics, hospitality, international exhibitions, real estate and property assets. Its solutions find applications in both military and civil markets. NORINCO has partnerships with several petroleum and mineral enterprises to conduct exploration, development, production and trading of petroleum and mineral resources. NORINCO is headquartered in Beijing, China.

This business intelligence report presents the key company information, essential to understanding industry challenges and competitors.

The SWOT analysis identifies the company's strengths, weaknesses, opportunities for growth and threats. The key competitors are dissected alongside the larger challenges that the industry is facing.

The company profile relays all current information about the business operations, including key employees, major products and services, company history, locations and subsidiaries alongside a supporting statement from the Chairman and Managing Director.

REASONS TO BUY

Quickly enhance your understanding of 'China North Industries Corporation'

Gain insight into the marketplace and a better understanding of internal and external factors which could impact the industry.

Increase business/sales activities by understanding your competitors' businesses better.

Recognize potential partnerships and suppliers.
