## Highlights

Clark Public Utilities (CPU) is a customer-owned public utility that provides electric and water services in the Clark County, Washington. It provides electricity to all of Clark County through a combination of power supply contracts and purchases from the generating system. The generating system operates the River Road Generating Plant, a natural gas-fired combined-cycle combustion turbine. The water system serves suburban and rural sections of Clark County through wells and reservoirs. It caters its services to residential, industrial, commercial, and other customers. CPU is headquartered in Vancouver, Washington, the US.
