## Highlights

Colbun SA (Colbun) is an electric utility that generates and transmits electricity. It produces electricity from various sources including hydro, diesel, natural gas, coal, wind and biomass. The company has operating and developing interests in various power plants. Colbun also procures electricity from economic load dispatch center (CDEC) to meet the demand-supply trends. It transmits electricity through a network of single and double-circuit transmission lines and substations which interconnects with central interconnected grid. The company serves regulated, non-regulated, and CDEC clients across Chile and Peru. Colbun is headquartered in Las Condes, Santiago, Chile.
