Highlights

Direct Conversion AB (Direct Conversion), a subsidiary of Varex Imaging Corp, develops, manufactures and markets high-performance X-ray imaging systems for medical, dental and industrial customers. It develops digital 3D-imaging systems for medical and industrial applications based on its proprietary X-ray technologies. The company harnesses its patented XCT -3T technology to provide detectors incorporated into systems used by dentists, radiographers, surgeons, engineers, food scientists and nuclear technologists. The company also offers services for the designing, development and assembly of customized X-ray detectors. The company's R&D team works in collaboration with other global research organizations to advance photon counting technology. The company operates in Asia, Europe, North America and South America. Direct Conversion is headquartered in Danderyd, Sweden.
