## Abstracts

### SUMMARY

SDI's 'Ducommun LaBarge Technologies: Aerospace and Defense - Company Profile and SWOT Analysis' contains in depth information and data about the company and its operations. The profile contains a company overview, key facts, major products and services, SWOT analysis, business description, company history, recent developments, key employees as well as company locations and subsidiaries.

### KEY FINDINGS

This report is a crucial resource for industry executives and anyone looking to access key information about 'Ducommun LaBarge Technologies '

The report utilizes a wide range of primary and secondary sources, which are analyzed and presented in a consistent and easily accessible format. SDI strictly follows a standardized research methodology to ensure high levels of data quality and these characteristics guarantee a unique report.

### SYNOPSIS

Ducommun LaBarge Technologies (Ducommun LaBarge) is a manufacturer of electronics. Its product portfolio includes radar enclosures, aircraft avionics racks, shipboard communications and control enclosures, printed circuit board assemblies, cable assemblies, wire harnesses and interconnect systems. Its products find applications in commercial and military fixed-wing aircraft, rotary-wing aircraft and space programs. It also helps in selecting industrial applications for the industrial automation,

natural resources (mine automation and drilling), and medical and other end-use markets. Ducommun LaBarge serves to military and space, commercial aerospace, natural resources, industrial and medical industries. Ducommun LaBarge operates as a subsidiary of Ducommun Incorporated. Ducommun LaBarge is headquartered in St. Louis, Missouri, the US.

This business intelligence report presents the key company information, essential to understanding industry challenges and competitors.

The SWOT analysis identifies the company's strengths, weaknesses, opportunities for growth and threats. The key competitors are dissected alongside the larger challenges that the industry is facing.

The company profile relays all current information about the business operations, including key employees, major products and services, company history, locations and subsidiaries alongside a supporting statement from the Chairman and Managing Director.

## REASONS TO BUY

Quickly enhance your understanding of 'Ducommun LaBarge Technologies '

Gain insight into the marketplace and a better understanding of internal and external factors which could impact the industry.

Increase business/sales activities by understanding your competitors' businesses better.

Recognize potential partnerships and suppliers.

## KEY HIGHLIGHTS
