Highlights

Energy Recovery Inc (Energy Recovery), is an energy solution provider. It recycles and converts wasted pressure energy into a reusable asset and preserves or eliminates pumping technology in hostile processing environments. The company's services include customer assistance in the early stages of planning and design; providing engineering, technical support; training during installation and commissioning; and preventive maintenance and support services. Energy Recovery serves customers in fluid flow markets, such as water desalination, oil & gas, and chemical processing across Europe, North America, Asia, and the Middle East. It operates manufacturing facilities in the US and Republic of Ireland. Energy Recovery is headquartered in San Leandro, California, the US.
