Abstracts

Summary

Strategic Defence Intelligence's 'Envionics Oy: Aerospace and Defense - Company Profile and SWOT Analysis' contains in depth information and data about the company and its operations. The profile contains a company overview, key facts, major products and services, SWOT analysis, business description, company history, recent developments, key employees as well as company locations and subsidiaries.

Key Findings

This report is a crucial resource for industry executives and anyone looking to access key information about 'Envionics Oy'

The report utilizes a wide range of primary and secondary sources, which are analyzed and presented in a consistent and easily accessible format. Strategic Defence Intelligence strictly follows a standardized research methodology to ensure high levels of data quality and these characteristics guarantee a unique report.

Synopsis

Envionics Oy (Envionics) is a manufacturer of industrial gas detection and CBRN (chemical, biological, radiological, nuclear) monitoring solutions. The company's major products include portable FTIR (Fourier transform infrared spectroscopy) gas analyzers and handheld and fixed site chemical detectors. These products are used in detection, identification and classification of chemical warfare agents and toxic industrial chemicals. The company also produces BWA (biological warfare agents) detection tools

that are used in fixed and mobile CBRN monitoring systems, and personal protection applications. Environics offers radio nuclide identifiers and radiological surveillance vehicle solutions. It primarily serves customers operating in industrial, government and military organizations across the world. It offers mobile spectrometric radiation portal monitor and radiological reconnaissance vehicle.. Environics is headquartered in Mikkeli, Finland.

This business intelligence report presents the key company information, essential to understanding industry challenges and competitors.

The SWOT analysis identifies the company's strengths, weaknesses, opportunities for growth and threats. The key competitors are dissected alongside the larger challenges that the industry is facing.

The company profile relays all current information about the business operations, including key employees, major products and services, company history, locations and subsidiaries alongside a supporting statement from the Chairman and Managing Director.

Reasons To Buy

Quickly enhance your understanding of 'Environics Oy'

Gain insight into the marketplace and a better understanding of internal and external factors which could impact the industry.

Increase business/sales activities by understanding your competitors' businesses better.

Recognize potential partnerships and suppliers.

Key Highlights
