Gain insight into the marketplace and a better understanding of internal and external factors which could impact the industry.

Increase business/sales activities by understanding your competitors' businesses better.

Recognize potential partnerships and suppliers.

KEY HIGHLIGHTS

Environics Oy (Environics) is a manufacturer of industrial gas detection and CBRN (chemical, biological, radiological, nuclear) monitoring solutions. The company's major products include portable FTIR (Fourier transform infrared spectroscopy) gas analyzers and handheld and fixed site chemical detectors. These products are used in detection, identification and classification of chemical warfare agents and toxic industrial chemicals. The company also produces BWA (biological warfare agents) detection tools that are used in fixed and mobile CBRN monitoring systems, and personal protection applications. Environics offers radio nuclide identifiers and radiological surveillance vehicle solutions. It primarily serves customers operating in industrial, government and military organizations across the world. It offers mobile spectrometric radiation portal monitor and radiological reconnaissance vehicle. Environics is headquartered in Mikkeli, Finland.
