Highlights

Generex Biotechnology Corp (Generex) carries out the research, development and commercialization of drug delivery systems and technologies. It developed a proprietary platform technology to deliver drugs into the human body through the oral cavity. The company's proprietary liquid formulations allow drugs typically administered by injection to be absorbed into the body by the lining of the inner mouth using proprietary RapidMist device. Generex through its subsidiary, Antigen Express, has expanded its focus to include immunomedicines incorporating proprietary vaccine formulations for the treatment of infectious, malignant, allergic, and autoimmune diseases. Generex is headquartered in Miramar, Florida, the US.
