## Highlights

Intercede Group plc (Intercede) is a software company that specializes in offering cybersecurity through identity and credential management; and secure mobility. The company offers software and services, which enable clients to provide secure access to their services, facilities, information and networks. Its product portfolio includes Intercede MyID Identity and Credential Management System, that manages the secure registration and vetting of identity data, issuance, and lifecycle management of identity credentials and devices; MyID software, which enables organizations to build and utilize trusted digital identities for employees, citizens and machines; and MyTAM for deploying applications to the Trusted Execution Environment (TEE) on Android devices. The company provides training and certification, and support and maintenance services to its clients. Its products cater to government organizations, public authorities, companies and software developers. Intercede licenses, distributes, resells, integrates and supports its MyID through a wide partner network across Europe, Middle East and Africa; North America (including Commercial and US Federal Government); Central and South America; and Asia Pacific regions. Intercede is headquartered in Lutterworth, Leicestershire, the UK.
