Highlights

Kadaster is a land registry office and a mapping agency. It is an organization, which collects information about registered properties in the Netherlands, records them in public registers and cadastral maps, and makes this information available to members of the public, companies, and other interested parties in society. It registers properties include houses and apartments, as well as moveable properties such as ships and aircraft. Kadaster's activities can be categorized into registering, administrating, and informing. The organization also cooperates with developing countries in Africa, Asia, and Europe and helps them with registering and mapping the land that people own. Kadaster is headquartered in Apeldoorn, Gelderland, the Netherlands.
