Highlights

Lincoln Electric System (LES) is a public utility that generates, transmits and distributes electricity. It generates power from its own coal, gas, oil and wind-based power plants, and has interests in coal and wind-based power plants. It also purchases power through contracts with other generation utilities including wind and hydropower generation facilities to meet the demand for electricity in the region. The company supplies electricity to residential, commercial, and industrial retail customers and governmental properties. Its service area includes Lancaster County in Nebraska, including the cities of Lincoln, Walton, Prairie Home, Waverly, Cheney and Emerald. LES is headquartered in Lincoln, Nebraska, the US.

Lincoln Electric System Key Recent Developments
