Highlights

Litani River Authority (LRA) implements irrigation, electricity generation and water resource management projects on the Litani River in Lebanon. It also establishes network linking up power stations and electrical substations and distribution lines in the Lebanese regions. It examines, manages and exploits irrigation water in Central and Northern Bekaa. The company is responsible for constructing and operating irrigation and drainage projects and providing potable water and electricity within the integrated Master Plan for Water in Lebanon. The authority installs transformation stations, transmission and distribution networks across the country to enable delivery of the electricity produced; and offers both technical and financial support to the Litani River project. LRA is headquartered in Beirut, Lebanon.
