- Executive biographies – A brief summary of the executives' employment history.
- Key operational heads – A list of personnel heading key departments/functions.
- Important locations and subsidiaries – A list of key locations and subsidiaries of the company, including contact details.

### Highlights

LM Wind Power Holding AS (LM Wind Power), a subsidiary of General Electric Co, is a component supplier to the wind industry. The company designs and manufactures blades on modular technology featuring modular aerodynamics, modular structure and modular manufacturing tooling. Its blades have features such as integrated gel coat, low noise tips, lightning conducting systems, pre-bending, and tried and tested root solutions. LM Wind Power also provides maintenance, repair, installation support, and supplementary logistics services. The company serves wind turbine manufacturers in Asia, North America, South America, and Europe. It has production, sales, and service facilities in Canada, Denmark, India, China, the Netherlands, Spain, Poland, the US, and Brazil. LM Wind Power is headquartered in Kolding, Denmark.
