SYNOPSIS

Timetric's 'Manufacturing Plants (Construction) in Algeria: Market Analytics by Category & Cost Type to 2022' contains historic and forecast market data for the manufacturing plants category in Algeria, it also provides detailed breakdown of the data by construction activity (new construction, repair and maintenance, refurbishment and demolition) and by cost type (construction materials, construction equipment and construction services).

SUMMARY

The manufacturing plants category covers the construction of facilities used for the production of industrial, consumer and technology products, including industrial equipment, automobiles, textiles, food & drink, plastic & paper products and semiconductors. This category includes, but is not limited to, assembly plants, canneries, food processing plants, printing plants, semiconductor plants and textile mills. It excludes facilities included in the chemical & pharmaceutical plants, refinery buildings and metal and material processing plant categories.

The Algerian manufacturing plants construction category continued to increase in the review period with a value of DZDxxx.xx million (US\$xxx.xx million) in 2017 and increased at a rate of x.xx% over 2016. The market recorded a CAGR of x.xx% from 2013 through 2017.

'Manufacturing Plants (Construction) in Algeria: Market Analytics by Category & Cost Type to 2022' provides a top-level overview and detailed insight into the operating

environment of the manufacturing plants market in Algeria. It is an essential tool for companies active across the Algeria construction value chain and for new players considering to enter the market.

SCOPE

A top level overview of the manufacturing plants construction category in Algeria.

Historic data provided from 2013 through 2017 and forecast from 2018 through 2022.

A detailed breakdown of the data by construction activity (new construction, repair and maintenance, refurbishment and demolition) and by cost type (construction materials, construction equipment & construction services) across the manufacturing plants market.

REASONS TO BUY

Provides a top level understanding of the Manufacturing Plants construction in Algeria.

Helps you understand the market performance by construction activity (new construction, repair and maintenance, refurbishment and demolition) and construction cost type (construction materials, construction equipment & construction services).

Allows you to plan future business decisions using the forecast figures given.

The broad but detailed perspective will help all the players in the construction activity to understand and succeed in the challenging construction market.
