Highlights

NetScout Systems, Inc. (NetScout) is a provider of real-time operational intelligence and performance analytics for service assurance and cybersecurity solutions. Its major products include nGenius and Infinistream technology platforms, which help users to analyze data; achieve visibility and real-time, actionable intelligence; identify service delivery issues; improve service levels; reduce operational costs and mitigate security risks. The company also provides consulting services for deployment, post-deployment, network assessment and market feed operations review. NetScout caters to commercial enterprises, large governmental agencies and telecommunication service providers. Its solutions are based on its proprietary Adaptive Service Intelligence (ASI) technology. The company markets and distributes its products through direct sales force, distributors, value added resellers and systems integrators in Europe, the US, Asia and various other parts of the world. NetScout is headquartered in Westford, Massachusetts, the US.
