## Highlights

New York Power Authority (NYPA) is a state-owned power organization. It generates electricity, and transmits and sells it on wholesale basis. The authority generates electricity using hydro and natural gas sources. Through long-term electricity supply agreement with Astoria Energy II LLC, NYPA procures electricity from Queens based natural-gas fueled generating plant. It serves municipal and investor-owned utilities, rural electric cooperatives, high load factor industries and other businesses across New York State, various public corporations in south-eastern New York within the metropolitan area of New York City and out-of-state customers. NYPA is headquartered in White Plains, New York, the US.

### New York Power Authority Key Recent Developments
