- Key operational heads – A list of personnel heading key departments/functions.
- Important locations and subsidiaries – A list of key locations and subsidiaries of the company, including contact details.

### Highlights

Newfoundland and Labrador Hydro (Hydro), a subsidiary of Nalcor Energy, Ltd., is an energy utility which develops, generates and distributes electricity. The company owns and operates hydroelectric generating stations, oil-fired plant, gas turbines and diesel generating stations. It also maintains a network of terminal stations, lower-voltage interconnected distribution substations, interconnected high-voltage transmission lines and distribution lines. Hydro's generation assets include Bay d'Espoir Hydroelectric Generating Facility, Cat Arm Hydroelectric Generating Station, Granite Canal Hydroelectric Generating Station, Hinds Lake Hydroelectric Generating Station and Paradise River Hydroelectric Generating Station among others. The company also purchases electricity from non-utility generators. It serves residential and industrial customers. Hydro is headquartered in St. John's, Newfoundland, Canada.
