Gain insight into the marketplace and a better understanding of internal and external factors which could impact the industry.

Increase business/sales activities by understanding your competitors' businesses better.

Recognize potential partnerships and suppliers.

## **KEY HIGHLIGHTS**

Organo Corporation (Organo) is a general water treatment engineering company that manufactures pure water systems, ultrapure water systems and wastewater treatment systems. It also provides condensate de-mineralizers for power stations, and waterworks and sewage treatment systems for the public sector. Organo markets industrial chemicals, ion exchange resins, activated carbon and food additives. The company also provides various technologies for water treatment plants for municipal water and sewage treatment, systems for removing organic-chlorine compounds from groundwater, and other technical solutions. Furthermore, the company offers systems checks, operation management and remote monitoring services. It caters to IT and general industries, medicine and pharmaceuticals production units, and thermal and nuclear power market. Organo has operations in Vietnam, Singapore, Thailand, Indonesia, India, Taiwan, China and Malaysia, and is headquartered in Tokyo, Japan.
