Highlights

Photocure ASA (Photocure) is a specialty pharmaceutical company with focus on bladder cancer. It develops and markets pharmaceuticals for the diagnosis and treatment of bladder cancer and precancerous conditions based on its photodynamic technology. The company's flagship product Hexvix is an intravesical solution used for the detection of bladder cancer. The company offers this product under the name Cysview in the US for the use in the cystoscopic detection of non-muscle invasive papillary cancer of the bladder. Photocure's pipeline products include Cevira, a photodynamic drug-device combination product in the Phase II clinical studies for the treatment of HPV infection and precancerous lesions of the cervix. The company sells product directly through its own specialty and medical teams in the US and Nordic and through partnerships with Juno Pharmaceuticals and BioSyent Pharma.in Canada and Australia, New Zealand. Photocure is headquartered in Oslo, Norway.
