Executive biographies – A brief summary of the executives' employment history.

Key operational heads – A list of personnel heading key departments/functions.

Important locations and subsidiaries – A list of key locations and subsidiaries of the company, including contact details.

Highlights

Platte River Power Authority (Platte River) is a not-for-profit electric utility, which carries out wholesale generation and transmission of electricity. It generates power from various sources including natural gas, coal, wind, solar and hydro. Through long-term power purchase agreements, the company procures electricity from allocation of federal hydropower from Western Area Power Administration (WAPA), wind and solar purchases, spot market purchases, and a forced outage exchange agreement. Platte River delivers energy and services to its owner communities of Estes Park, Longmont, Fort Collins, and Loveland. Its transmission system comprises high-voltage power lines and substations that deliver power to the electric utilities. Platte River is headquartered in Fort Collins, Colorado, the US.

Platte River Power Authority Key Recent Developments
