Highlights

Royal Dutch Shell plc (Shell) is an integrated oil and gas company. The company explores for and produces oil and gas from conventional fields and sources such as tight rock, shale and coal formations. Its refining and petrochemical complexes across the world add value to its upstream products. The company's products include refinery end products such as lubricants, bitumen and liquefied petroleum gas; and petrochemical products such as raw materials for plastics, coatings and detergents. Shell is a major producer of biofuel in Brazil. Shell also has interests in various LNG and GTL projects. The company markets its products directly and indirectly through distributors in Europe, Asia, Oceania, Africa, North America and South America. Shell is headquartered in The Hague, the Netherlands.
