Highlights

Saudi Electricity Company (SEC) is a vertically integrated electric utility that generates, transmits and distributes electricity. It generates electricity from gas, steam, diesel and co-generation plants. Its transmission and distribution system comprises high-voltage transmission network including underground and overhead cables and distribution lines. The company through the National Grid SA, operates and maintains the electrical grid and ensures the transmission of electric power to load centers across the Kingdom. SEC also builds independent power plants on a build, own and operate (BOO) basis. The company provides electricity to government, industrial, agricultural, commercial, and residential consumers in Saudi Arabia. SEC is headquartered in Riyadh, Saudi Arabia.
