Highlights

Scottish Power Limited (Scottish Power), a subsidiary of Iberdrola SA, is an integrated energy company which generates, transmits, and distributes electricity, supplies gas, and offers energy management services. It owns and operates natural gas, hydroelectric generation, combined heat and power, and combined cycle gas turbine assets. The company procures coal and gas from external supplies, for the generation of electricity; and also purchases electricity and gas from external supplies, for onward sale to customers and optimization of gas storage. Scottish Power originates, develops, constructs, and operates renewable energy assets; and generates and sells electricity from those assets. It carries out renewable energy activities across the UK, France, Republic of Ireland, and Germany. Scottish Power is headquartered in Glasgow, Scotland, the UK.
