## Highlights

STMicroelectronics NV (STM) is a semiconductor company. The company develops, manufactures, and markets a wide range of products, including discrete and standard commodity components, custom devices and semi-custom devices and application-specific standard and integrated circuits. It also produces and sells silicon chips and smartcards. STM uses various chip fabrication technologies, including advanced FD-SOI, CMOS, embedded non-volatile memories, RF-SOI, specialized imaging, analog and MEMS, mixed-signal, and smart power processes. It serves customers in various markets, including industrial, automotive, personal electronics, computers, communications equipment, and peripherals. The company has manufacturing sites in Italy, Singapore, France, Morocco, the Philippines, Malta, Malaysia, and China. STM is headquartered in Geneva, Genf, Switzerland.

### STMicroelectronics NV Key Recent Developments

Jan 08,2021: STMicroelectronics N.V. announces fourth quarter 2020 preliminary revenues

Dec 14,2020: STMicroelectronics partners with Schneider Electric on carbon neutrality and co-development of energy-efficient solutions

Dec 09,2020: STMicroelectronics to be carbon neutral by 2027

Oct 29,2020: STMicroelectronics introduces high-voltage gate driver with 6kV Galvanic isolation in compact SO-8W package

Oct 26,2020: STMicroelectronics and Sanken announce strategic partnership to develop intelligent power modules for high-voltage industrial and automotive products

Key benefits of buying this profile include:

You get detailed information about the company and its operations to identify potential customers and suppliers.

The profile analyzes the company's business structure, operations, major products and services, prospects, locations and subsidiaries, key executives and their biographies and key competitors.

Understand and respond to your competitors' business structure and strategies, and capitalize on their weaknesses. Stay up to date on the major developments affecting the company.

The company's core strengths and weaknesses and areas of development or decline are analyzed and presented in the profile objectively. Recent developments in the company covered in the profile help you track important events.

Equip yourself with information that enables you to sharpen your strategies and transform your operations profitably.

Opportunities that the company can explore and exploit are sized up and its growth potential assessed in the profile. Competitive and/or technological threats are highlighted.

Scout for potential investments and acquisition targets, with detailed insight into the companies' strategic, financial and operational performance.

Financial ratio presented for major public companies in the profile include the revenue trends, profitability, growth, margins and returns, liquidity and leverage,

financial position and efficiency ratios.

Gain key insights into the company for academic or business research.

Key elements such as SWOT analysis, corporate strategy and financial ratios and charts are incorporated in the profile to assist your academic or business research needs.
