Highlights

SynCardia Systems LLC (SynCardia), a subsidiary of Versa Capital Management, Inc., develops and manufactures artificial human heart. Its flagship product, SynCardia temporary Total Artificial Heart (TAH) temporarily takes up the complete function of a failed human heart in patients suffering from final stage biventricular heart failure (BHF) before receiving a successful heart transplant. The TAH replaces the ventricles and four heart valves of a failing heart and eliminates the symptoms and source of end-stage BHF. SynCardia also offers the external pneumatic drivers, which power TAH and facilitate the discharge of clinically stable patients from the hospital, while waiting for a matching donor heart. The company offers TAH through certified centers in various parts of Europe, North America and Asia-Pacific. It operates through subsidiary in Germany. SynCardia is headquartered in Tucson, Arizona, the US.
