Highlights

Total S.A. (Total) is an integrated global oil and gas company that produces, refines and markets oil and manufactures petrochemicals. It carries out drilling, oil and gas production, processing, transportation, refining and petrochemical production, storage and distribution of petroleum products and specialty chemicals. It conducts power generation and has considerable solar energy operations. The upstream activities of the company include exploration, development and production of oil and gas. Total also sells crude oil production, supplies refineries with feedstock, charters vessels and is involved in derivatives trading. It designs and markets refined products, including automotive fuel and specialty products such as lubricants, special fluids, liquefied petroleum gas (LPG), heating and heavy fuel oil, asphalt, additives and special fuels. The company caters its services to consumers and to the transportation, automotive, aerospace, energy, housing and manufacturing industries. It has operations across the world. Total is headquartered in Courbevoie, France.
