Abstracts

Summary

Toyota Motor Corp (Toyota) is a manufacturer of automobiles. It designs, manufactures, assembles and sells passenger cars, minivans, recreational and sport-utility vehicles, commercial vehicles such as trucks and related parts and accessories. It also manufactures crafts, and finances its dealers and customers for the purchase or lease of Toyota vehicles. The company also extends its businesses in the fields of housing, financial services, telecommunications and information technology. It operates manufacturing facilities in several cities across North America, Latin America, Europe, Africa, Asia Pacific and Middle East. The company also operates research and development (R&D) facilities in Japan, the US, and China. Toyota is headquartered in Toyota City, Aichi, Japan.

Toyota Motor Corp (7203) - Power - Deals and Alliances Profile provides you comprehensive data and trend analysis of the company's Mergers and Acquisitions (M&As), partnerships and financings. The report provides detailed information on Mergers and Acquisitions, Equity/Debt Offerings, Private Equity, Venture Financing and Partnership transactions recorded by the company over a five year period. The report offers detailed comparative data on the number of deals and their value categorized into deal types, sub-sector and regions.

GlobalData derived the data presented in this report from proprietary in-house Power eTrack deals database, and primary and secondary research.

Scope

Financial Deals - Analysis of the company's financial deals including Mergers and Acquisitions, Equity/Debt Offerings, Private Equity, Venture Financing and Partnerships.

Deals by Year - Chart and table displaying information encompassing the number of deals and value reported by the company by year, for a five year period.
