USA Beverage Forecasts March 2017

Summary

United States of America Beverage Forecasts is a bi-annual report designed as a global manual to provide both historical consumption trends for all commercial beverage categories, and forecast trends five years into the future. It is mainly numbers based, but includes a short analysis exploring the trends behind the data and forecast assumptions for each beverage category.

GlobalData's United States of America Beverage Forecasts reports cover soft, dairy, hot and alcoholic drinks and provide a comprehensive analysis of consumption trends, covering

- 1999-2016 topline consumption data for 31 beverage categories, with forecasts to 2022 measured in both million litres and litres per capita.
- Insightful and valuable analysis of the drivers behind the beverage trends and forecast assumptions.
