Highlights

Vishay Intertechnology Inc (Vishay) is a manufacturer of discrete semiconductors and passive electronic components. The company's product portfolio includes MOSFETs, ICs, broad range of diodes and rectifiers and different types of types of optoelectronic products. These products offer single functions such as switching, amplifying, rectifying, and transmitting electrical signals. Vishay offers passive components including resistors, inductors, magnetics and capacitors. The passive components finds application in storing electrical charges, to resist electrical current, and to help in filtering, surge suppression, measurement, timing, and tuning. Vishay caters its products and services to various industries including automotive, computer, industrial, telecommunication, avionics, military, space, consumer and medical sector. It markets products through original equipment manufacturers, electronic manufacturing services companies and independent distributors. The company operates manufacturing plants in the Americas, Europe, Asia, and Middle East. Vishay is headquartered in Malvern, Pennsylvania, the US.
