DEI consultancy service refers to systematic professional consulting offerings focused on Diversity, Equity, and Inclusion, provided to corporations and organizations. These services typically include organizational assessments, strategy development, policy and process design, culture transformation initiatives, training framework design, and impact measurement. By leveraging data analysis and management methodologies, DEI consultancy helps clients identify structural gaps and risks, embed inclusive practices, and align DEI objectives with long-term corporate strategy and governance.

The upstream of DEI consultancy services mainly consists of research institutions, data and assessment tool providers, human resources and organizational behavior frameworks, as well as legal and compliance support. The midstream includes specialized DEI consulting firms, human capital consultancies, and integrated management consulting companies responsible for solution design, implementation, and ongoing evaluation. Downstream clients primarily include large enterprises, multinational corporations, financial institutions, technology companies, and selected public and non-profit organizations.
