Abstracts

According to our latest research, the global 24-Hour Gym market size will reach USD 8487 million in 2031, growing at a CAGR of 8.5% over the analysis period.

A 24-hour gym is a fitness venue open 24 hours a day, where members can exercise at any time without being restricted by fixed business hours. Such gyms are usually equipped with a variety of fitness equipment, such as treadmills, barbells, spinning bikes, etc., to meet the exercise needs of different members. At the same time, 24-hour gyms usually provide a self-service system, where members can enter the gym through smart cards or mobile phone applications, and enjoy a flexible and convenient exercise experience. It is suitable for people who are busy at work or have irregular exercise needs.
