Abstracts

According to our latest research, the global 3PL Logistics market size will reach USD million in 2031, growing at a CAGR of %over the analysis period.

3PL logistics, that is, third-party logistics, is a form of logistics in which third-party logistics companies are responsible for corporate logistics activities relative to the first-party shipper and the second-party consignee. 3PL belongs to neither the first party nor the second party, but provides its professional logistics services through cooperation with the first party or the second party. It does not own goods or participate in the sale of goods, but provides customers with serialized, personalized and information-based logistics agency services that are bound by contracts and based on alliances.

Through its specialization, efficiency, flexibility and cost-effectiveness, 3PL logistics provides enterprises with high-quality logistics services and promotes their business development.

This report is a detailed and comprehensive analysis for global 3PL Logistics market. Both quantitative and qualitative analyses are presented by company, by region & country, by Type and by Application. As the market is constantly changing, this report explores the competition, supply and demand trends, as well as key factors that contribute to its changing demands across many markets. Company profiles and product examples of selected competitors, along with market share estimates of some of the selected leaders for the year 2025, are provided.

Key Features:

Global 3PL Logistics market size and forecasts, in consumption value (\$ Million),

2020-2031

Global 3PL Logistics market size and forecasts by region and country, in consumption value (\$ Million), 2020-2031

Global 3PL Logistics market size and forecasts, by Type and by Application, in consumption value (\$ Million), 2020-2031

Global 3PL Logistics market shares of main players, in revenue (\$ Million), 2020-2025

The Primary Objectives in This Report Are:

To determine the size of the total market opportunity of global and key countries

To assess the growth potential for 3PL Logistics

To forecast future growth in each product and end-use market

To assess competitive factors affecting the marketplace

This report profiles key players in the global 3PL Logistics market based on the following parameters - company overview, revenue, gross margin, product portfolio, geographical presence, and key developments. Key companies covered as a part of this study include FedEx Supply Chain, Rakuten Logistics, RedStag, Shopify Fulfillment, ShipBob, UPS Supply Chain Solutions, Shipwire, Total Quality Logistics, ShipMonk, DHL, etc.

This report also provides key insights about market drivers, restraints, opportunities, new product launches or approvals.

Market segmentation

3PL Logistics market is split by Type and by Application. For the period 2020-2031, the growth among segments provides accurate calculations and forecasts for Consumption Value by Type and by Application. This analysis can help you expand your business by targeting qualified niche markets.
