Abstracts

Air cargo is any property carried or to be carried in an aircraft. Air cargo comprises air freight, air express and airmail

Scope of the Report:

This report focuses on the Air Cargo in global market, especially in North America, Europe and Asia-Pacific, South America, Middle East and Africa. This report categorizes the market based on manufacturers, regions, type and application.

Air freight market caters to various types of products including pharmaceutical and perishable goods that are temperature sensitive. Pharmaceutical companies are highly dependent on-air cargo transport to deliver high-value, time-sensitive, and temperature-controlled products quickly. To overcome the various challenges faced by the air cargo industry, pharmaceutical companies are taking measures to build a network of certified pharmaceutical trade lanes to transport their goods through air transport that meet consistent standards and guarantee product integrity.

The worldwide market for Air Cargo is expected to grow at a CAGR of roughly xx% over the next five years, will reach xx million US\$ in 2023, from xx million US\$ in 2017, according to a new GIR (Global Info Research) study.

Market Segment by Manufacturers, this report covers
