Abstracts

Aromatherapy uses plant materials and aromatic plant oils, including essential oils, and other aroma compounds for improving psychological or physical well-being.

Scope of the Report:

This report focuses on the Aromatherapy Diffusers in global market, especially in North America, Europe and Asia-Pacific, South America, Middle East and Africa. This report categorizes the market based on manufacturers, regions, type and application.

North America is the largest market for aromatherapy diffusers owing to the increased awareness about the product in this region. Growing shift of patients towards natural ingredients for the treatment of anxiety, stress, and depression has led to the increased consumption of essential oils in North America, which in turn is expected to boost the product demand in the region.

The worldwide market for Aromatherapy Diffusers is expected to grow at a CAGR of roughly xx% over the next five years, will reach xx million US\$ in 2023, from xx million US\$ in 2017, according to a new GIR (Global Info Research) study.
