Aronia Berry Powder is a natural plant-based powder produced by washing, drying, and finely grinding the fruits of black chokeberry (*Aronia melanocarpa*), rich in anthocyanins, polyphenols, vitamin C, and dietary fiber. Native to North America and later introduced to Europe and Asia, aronia berries are recognized as a 'superfruit' due to their exceptionally high antioxidant capacity. The powder exhibits a deep purple-black color with a mildly tart-sweet flavor and intense berry aroma, suitable as a functional food ingredient in smoothies, yogurts, baked goods, or nutrition bars, or for direct brewing. Scientific studies suggest that Aronia Berry Powder helps scavenge free radicals, improve vascular elasticity, regulate blood sugar levels, and shows potential benefits in anti-inflammation and immune enhancement. It is an excellent choice for those seeking natural antioxidant support, cardiovascular health, and metabolic syndrome management.
