Abstracts

An art advisory service is a professional consultancy that offers expertise and guidance to individuals, corporations, or institutions in various aspects of the art market. These services are typically provided by knowledgeable art experts, art historians, curators, and other professionals with a deep understanding of the art world.

The primary role of an art advisory service is to assist clients in building, managing, and enhancing their art collections. This may involve advising clients on purchasing and selling artworks, navigating auctions and galleries, conducting research on artists and artworks, assessing the value and authenticity of pieces, and providing strategic guidance for long-term collection development.

Art advisory services can also offer assistance with art investment strategies, estate planning, exhibition planning, and art-related financial matters. Additionally, they may provide educational programs, lectures, and workshops to help clients deepen their understanding of art and the art market.

According to our (Global Info Research) latest study, the global Art Advisory Service market size was valued at US\$ million in 2023 and is forecast to a readjusted size of USD million by 2030 with a CAGR of %during review period.
