Global Automotive Electronic Throttle Body Market 2024 by Manufacturers, Regions, Type and Application, Forecast to 2030

https://marketpublishers.com/r/G3E53E74BD4EEN.html
Date: May 2024
Pages: 109
Price: US$ 3,480.00 (Single User License)
ID: G3E53E74BD4EEN

Abstracts

According to our (Global Info Research) latest study, the global Automotive Electronic Throttle Body market size was valued at USD million in 2023 and is forecast to a readjusted size of USD million by 2030 with a CAGR of % during review period.

The electronic throttle body (ETB) is a main part of an electronic throttle control (ETC) system. The ETB controls the volume of air flowing into the engine. It features a butterfly valve which opens and closes according to a signal from the engine control unit.

Automotive is a key driver of this industry. According to data from the World Automobile Organization (OICA), global automobile production and sales in 2017 reached their peak in the past 10 years, at 97.3 million and 95.89 million respectively. In 2018, the global economic expansion ended, and the global auto market declined as a whole. In 2022, there will wear units 81.6 million vehicles in the world. At present, more than 90% of the world's automobiles are concentrated in the three continents of Asia, Europe and North America, of which Asia automobile production accounts for 56% of the world, Europe accounts for 20%, and North America accounts for 16%. The world major automobile producing countries include China, the United States, Japan, South Korea, Germany, India, Mexico, and other countries; among them, China is the largest automobile producing country in the world, accounting for about 32%. Japan is the world's largest car exporter, exporting more than 3.5 million vehicles in 2022.

The Global Info Research report includes an overview of the development of the Automotive Electronic Throttle Body industry chain, the market status of Compact Cars (Actuator, Throttle Plate), Mid-Size Cars (Actuator, Throttle Plate), and key enterprises

+44 20 8123 2220
info@marketpublishers.com

in developed and developing market, and analysed the cutting-edge technology, patent, hot applications and market trends of Automotive Electronic Throttle Body.

Regionally, the report analyzes the Automotive Electronic Throttle Body markets in key regions. North America and Europe are experiencing steady growth, driven by government initiatives and increasing consumer awareness. Asia-Pacific, particularly China, leads the global Automotive Electronic Throttle Body market, with robust domestic demand, supportive policies, and a strong manufacturing base.

Key Features:

The report presents comprehensive understanding of the Automotive Electronic Throttle Body market. It provides a holistic view of the industry, as well as detailed insights into individual components and stakeholders. The report analysis market dynamics, trends, challenges, and opportunities within the Automotive Electronic Throttle Body industry.

The report involves analyzing the market at a macro level:

Market Sizing and Segmentation: Report collect data on the overall market size, including the sales quantity (Units), revenue generated, and market share of different by Type (e.g., Actuator, Throttle Plate).

Industry Analysis: Report analyse the broader industry trends, such as government policies and regulations, technological advancements, consumer preferences, and market dynamics. This analysis helps in understanding the key drivers and challenges influencing the Automotive Electronic Throttle Body market.

Regional Analysis: The report involves examining the Automotive Electronic Throttle Body market at a regional or national level. Report analyses regional factors such as government incentives, infrastructure development, economic conditions, and consumer behaviour to identify variations and opportunities within different markets.

Market Projections: Report covers the gathered data and analysis to make future projections and forecasts for the Automotive Electronic Throttle Body market. This may include estimating market growth rates, predicting market demand, and identifying emerging trends.

The report also involves a more granular approach to Automotive Electronic Throttle Body:

+44 20 8123 2220
info@marketpublishers.com

Company Analysis: Report covers individual Automotive Electronic Throttle Body manufacturers, suppliers, and other relevant industry players. This analysis includes studying their financial performance, market positioning, product portfolios, partnerships, and strategies.

Consumer Analysis: Report covers data on consumer behaviour, preferences, and attitudes towards Automotive Electronic Throttle Body This may involve surveys, interviews, and analysis of consumer reviews and feedback from different by Application (Compact Cars, Mid-Size Cars).

Technology Analysis: Report covers specific technologies relevant to Automotive Electronic Throttle Body. It assesses the current state, advancements, and potential future developments in Automotive Electronic Throttle Body areas.

Competitive Landscape: By analyzing individual companies, suppliers, and consumers, the report present insights into the competitive landscape of the Automotive Electronic Throttle Body market. This analysis helps understand market share, competitive advantages, and potential areas for differentiation among industry players.

Market Validation: The report involves validating findings and projections through primary research, such as surveys, interviews, and focus groups.

Market Segmentation

Automotive Electronic Throttle Body market is split by Type and by Application. For the period 2019-2030, the growth among segments provides accurate calculations and forecasts for consumption value by Type, and by Application in terms of volume and value.

Market segment by Type

Actuator

Throttle Plate

Throttle Position Sensor

+44 20 8123 2220
info@marketpublishers.com

Market segment by Application

- Compact Cars
- Mid-Size Cars
- SUVs
- Luxury Cars
- LCVs
- HCVs

Major players covered

- Magneti Marelli S. p. A.
- Delphi Technologies
- Robert Bosch GmbH
- Continental AG
- Denso Corporation
- Jenvey Dynamics Limited
- Hitachi Automotive Systems Ltd.
- Pacco Industrial Corporation
- Edelbrock
- BING Power Systems
- GVS Group

info@marketpublishers.com

Market segment by region, regional analysis covers

North America (United States, Canada and Mexico)

Europe (Germany, France, United Kingdom, Russia, Italy, and Rest of Europe)

Asia-Pacific (China, Japan, Korea, India, Southeast Asia, and Australia)

South America (Brazil, Argentina, Colombia, and Rest of South America)

Middle East & Africa (Saudi Arabia, UAE, Egypt, South Africa, and Rest of Middle East & Africa)

The content of the study subjects, includes a total of 15 chapters:

Chapter 1, to describe Automotive Electronic Throttle Body product scope, market overview, market estimation caveats and base year.

Chapter 2, to profile the top manufacturers of Automotive Electronic Throttle Body, with price, sales, revenue and global market share of Automotive Electronic Throttle Body from 2019 to 2024.

Chapter 3, the Automotive Electronic Throttle Body competitive situation, sales quantity, revenue and global market share of top manufacturers are analyzed emphatically by landscape contrast.

Chapter 4, the Automotive Electronic Throttle Body breakdown data are shown at the regional level, to show the sales quantity, consumption value and growth by regions, from 2019 to 2030.

Chapter 5 and 6, to segment the sales by Type and application, with sales market share and growth rate by type, application, from 2019 to 2030.

Chapter 7, 8, 9, 10 and 11, to break the sales data at the country level, with sales quantity, consumption value and market share for key countries in the world, from 2017 to 2023.and Automotive Electronic Throttle Body market forecast, by regions, type and application, with sales and revenue, from 2025 to 2030.

+44 20 8123 2220
info@marketpublishers.com

Chapter 12, market dynamics, drivers, restraints, trends and Porters Five Forces analysis.

Chapter 13, the key raw materials and key suppliers, and industry chain of Automotive Electronic Throttle Body.

Chapter 14 and 15, to describe Automotive Electronic Throttle Body sales channel, distributors, customers, research findings and conclusion.

I would like to order

Product name: Global Automotive Electronic Throttle Body Market 2024 by Manufacturers, Regions, Type and Application, Forecast to 2030

Product link: https://marketpublishers.com/r/G3E53E74BD4EEN.html

Price: US$ 3,480.00 (Single User License / Electronic Delivery)

If you want to order Corporate License or Hard Copy, please, contact our Customer Service:
info@marketpublishers.com

Payment

To pay by Credit Card (Visa, MasterCard, American Express, PayPal), please, click button on product page https://marketpublishers.com/r/G3E53E74BD4EEN.html

To pay by Wire Transfer, please, fill in your contact details in the form below:
