Abstracts

Driven by 'natural' and 'organic' products, global baby soothers and teethers market is seeing marketing strategies aimed at the emotional appeal of parents rather than logical and point-based appeal. The end-user of this market are parents, who are always concerned about getting the best and the safest products for their children. The prospects for growth in this market are bolstered by the launch of products that are organic in nature.

Scope of the Report:

This report focuses on the Baby Soothers and Teethers in global market, especially in North America, Europe and Asia-Pacific, South America, Middle East and Africa. This report categorizes the market based on manufacturers, regions, type and application. The increasing demand for baby soothers and teethers drives the market. The rise in number of online retailers, technical advancement and increasing disposable income are key factors to propel the market growth. Today, owing to their hectic lifestyles, consumers prefer to shop online rather than visit physical stores. The prices offered online are often lower than those in physical stores because of overhead cost reduction. Therefore, price of product and convenience of online shopping appeal consumers attention. In terms of geography, the APAC region will be the largest market for baby soothers and teethers during the forecast period.

The worldwide market for Baby Soothers and Teethers is expected to grow at a CAGR of roughly xx% over the next five years, will reach xx million US\$ in 2023, from xx million US\$ in 2017, according to a new GIR (Global Info Research) study.
