## Abstracts

Background investigation is the process of looking up and compiling criminal records, commercial records, and financial records of an individual or an organization. Background investigations are often requested by employers on job candidates for employment screening, especially on candidates seeking a position that requires high security or a position of trust, such as in a school, courthouse, hospital, financial institution, airport, and government. These checks are traditionally administered by a government agency for a nominal fee, but can also be administered by private companies.

### SCOPE OF THE REPORT:

Judging by the number of background investigation firms being bought and sold in the past few years and the number of new start-ups entering the background check business, the screening industry will continue to both expand and consolidate simultaneously in the near future.
