According to our (Global Info Research) latest study, the global Bingo Card market size was valued at USD million in 2023 and is forecast to a readjusted size of USD million by 2030 with a CAGR of % during review period.

A Bingo Card is a pre-printed card used in the popular game of Bingo. It consists of a grid with random numbers or symbols arranged in columns and rows. Each space on the card contains a number or symbol, except for the center square which is usually marked as a free space. During the game, a caller randomly selects numbers or symbols and announces them to the players. Players then mark the corresponding numbers or symbols on their Bingo cards if they appear. The objective of the game is to complete a specific pattern on the card, such as a straight line, diagonal, or full card, by marking the called numbers or symbols.
