Abstracts

According to our (Global Info Research) latest study, the global Brewing Consulting Services market size was valued at US\$ 316 million in 2024 and is forecast to a readjusted size of USD 493 million by 2031 with a CAGR of 6.6% during review period.

The craft beer movement had been gaining momentum, with many consumers seeking unique and flavorful beers. This trend led to the growth of microbreweries, brewpubs, and small-scale craft beer producers, creating a demand for consulting services to help these businesses navigate the complexities of brewing. As the craft brewing industry expanded, maintaining consistent quality became crucial for establishing a strong brand reputation. Brewing consulting services helped breweries implement quality control measures, ensuring that each batch met desired taste and quality standards.
