Abstracts

Garden equipment like brush cutters and power lawn mowers are used to maintain a healthy lawn and garden. Proper mowing, cutting, irrigating, and fertilizing result in a healthy, dense, and high-quality lawn. Innovations in technology like battery-powered brush cutters and lightweight gardening equipment have contributed to people getting more interested in gardening. Vendors are striving to improve the efficiency and functionality of brush cutters and garden equipment to improve customer satisfaction.

Scope of the Report:

This report focuses on the Brush Cutter in global market, especially in North America, Europe and Asia-Pacific, South America, Middle East and Africa. This report categorizes the market based on manufacturers, regions, type and application. One of the major factors driving the brush cutters market growth is the increasing expenditure towards maintaining ambiance in lawns and gardens. Factors such as government regulations and increasing practice of gardening have been the key factors driving the brush cutters market, especially in the commercial segment. Other major end users in the brush cutters market include municipalities and commercial gardening service providers. The North America and Europe regions have been known for magnificent public parks and gardens built for relaxation and leisure. Numerous governments in the countries from these regions are very particular regarding the maintenance of their gardens. Subsequently, these two regions have prominently been the major markets for farm maintenance related equipment. Furthermore, emerging markets of Asia Pacific and the Middle East and Africa regions are also considered as bright prospects for the growth of brush cutters in the following years. During 2016, the Americas was the leading revenue contributor to the market and the region's dominance is expected to continue during the next four years as well. The

region is experiencing an increasing focus on the maintenance of green landscapes with the growth in the urban land area, which will drive the market's growth in the Americas. Factors such as the recovery of economy in the US, sales of landscaping services, increase in household disposable income, and the growth of the agricultural sector, will further boost the market's growth in the region.

The worldwide market for Brush Cutter is expected to grow at a CAGR of roughly xx% over the next five years, will reach xx million US\$ in 2023, from xx million US\$ in 2017, according to a new GIR (Global Info Research) study.
